On behalf of Friedrich Ebert Foundation (Friedrich-Ebert-Stiftung), Department of Political Science of the Comenius University in Bratislava and EURACTIV.sk, we would like to invite you to the event **“EU COALITION EXPLORER”**

that will be held on **Monday, 3th July from 10 a.m. to 12 p.m.** in the premises of the Faculty of Arts, Comenius University, Gondová 2, Bratislava, **Room number G-236.**

BACKGROUND:

Europe's ability to act and react collectively is becoming a significant issue. The importance of the decision-making and the level of political fragmentation among governments is increasing as well. At the same time, the discussion regarding the ability and ambition of individual Member States to create a functional coalition in various political issues develops.

It is the EU Coalition Explorer that represents the study and the results of the survey in the 28 EU member states and across the range of views of the European professional political society. Its main goal is to inform about the possibilities of building a more capable and cohesive European Union.

The event will focus on preferences, key partners and policies that may potentially have an impact on coalition formation between the Member States. Thus, the main discussion will be framed by the EU Coalition Explorer research.
